Overview

Learn how to administer and secure AI agents in Microsoft 365 with Microsoft Agent 365. This course combines focused instruction with hands-on labs covering agent discovery, identity governance, data protection, and threat monitoring across the Microsoft 365 admin experience.

Audience Profile

Learners are expected to have working familiarity with Microsoft 365 administration — including the Microsoft 365 admin center, Microsoft Entra basics (users, groups, Conditional Access), and core Microsoft Purview concepts. Prior experience with AI agents is not required. This course is intended for IT professionals responsible for administering Microsoft 365 environments that use AI agents, including:

- Microsoft 365 administrators
- Identity and access administrators
- Security and compliance administrators
- Cloud and platform administrators expanding into AI governance

Contents

Learning Path 1: Discover and govern agents in Agent 365

- Fundamentals of Agent Governance.
- Practical Skill Development.
- Governance Impact and Outcomes

Learning Path 2: Secure onboarding & identity governance lab

- Manage lifecycle workflows for agent identities
- Configure conditional access policies for agents

Learning Path 3: Protect agent data

- Sensitivity Label Publishing
- DLP Policy Creation
- Policy Validation Testing

Learning Path 4: Observe alerts and audit logs

- Monitor Agent Performance
- Audit Agent Activities
- Analyze Security Alerts
- Apply Hands-On Skills

About GTech Learn

Established in 2011 in the USA, GTech Learn is one of the leading IT training organizations in North America & South East Asia. Driven by its unique USPs, GTech Learn is spurring competition, meeting the unmet needs of customers, assisting in skills upgrade, and supplementing talent pools with its presence in the USA, Canada, Singapore and India. This is consistent with our vision to help our Learners with skills upgrade for enhanced career opportunities.

As a Microsoft Learning Partner, we offer a broad range of learning solutions across the full Microsoft technology stack that can be customized.

Since 2011, GTech Learn has been developing custom-fit learning solutions that involve creating and delivering maximum results.

We have successfully helped all types of businesses, government entities, and individuals. For this reason, GTech has been chosen by Microsoft to deliver comprehensive learning programs around the globe.

With flexible learning options, state-of-the-art delivery methods, numerous language preferences, experienced instructors, and complete dedication to our students, GTech Learn has the capabilities to help students develop their Microsoft skill sets and achieve increasingly high standards of productivity while organizations of all sizes realize the full potential of their technology investments.
