## Overview

Candidates for this course automate time-consuming and repetitive tasks by using Microsoft Power Automate. They review solution requirements, create process documentation, and design, develop, troubleshoot, and evaluate solutions. Candidates work with business stakeholders to improve and automate business workflows. They collaborate with administrators to deploy solutions to production environments, and they support solutions.

## Audience Profile

If you're a developer with a keen interest in providing automated solutions for your organization, this certification could be a great fit for you. You automate time-consuming and repetitive tasks by using Microsoft Power Automate. You review solution requirements, create process documentation, and design, develop, deploy, integrate, troubleshoot, and evaluate solutions. Working with business stakeholders, you help to improve and automate business workflows.

## Contents

### Learning path 1: Power Platform RPA Overview

- What is Microsoft Power Platform?
- Record and Analyze Processes
- Design Automations

### Learning Path 2: Power Automate Cloud Flows

- Create and Manage Cloud Flows
- Flow Logic
- Advanced Flow Scenarios
- Deploy and Monitor

### Learning Path 3: Power Automate Desktop Flows

- Create and Manage Desktop Flows
- Desktop Flow Logic
- Automating Desktop Applications
- Automating Web Applications
- Advanced Flow Scenarios
- Deploy and Monitor

### Learning Path 4: Use Desktop Flows from Cloud Flows

- Use Desktop Flows from Cloud Flows

## Learning Path 5: Custom Connectors

- Create and configure custom connectors
- Use Policy Templates
- Implement Custom Code

## Learning Path 6: Deploy and Manage Automations

- Configure machine groups and queues required for desktop flow automations
- Deploy to other environments
- Evaluate data loss prevention (DLP) policies for RPA execution
- Manage Access to Components

## About GTech Learn

Established in 2011 in the USA, GTech Learn is one of the leading IT training organizations in North America & South East Asia. Driven by its unique USPs, GTech Learn is spurring competition, meeting the unmet needs of customers, assisting in skills upgrade, and supplementing talent pools with its presence in the USA, Canada, Singapore and India. This is consistent with our vision to help our Learners with skills upgrade for enhanced career opportunities.

As a Microsoft Learning Partner, we offer a broad range of learning solutions across the full Microsoft technology stack that can be customized.

Since 2011, GTech Learn has been developing custom-fit learning solutions that involve creating and delivering maximum results.

We have successfully helped all types of businesses, government entities, and individuals. For this reason, GTech has chosen by Microsoft to deliver comprehensive learning programs around the globe.

With flexible learning options, state-of-the-art delivery methods, numerous language preferences, experienced instructors, and complete dedication to our students, GTech Learn has the capabilities to help students develop their Microsoft skill sets and achieve increasingly high standards of productivity while organizations of all sizes realize the full potential of their technology investments.
